Hi all!Relative to alot of the electronic music i listen to- Dire straits(cd) seems to be well mastered-and i just love the sound !Certainly there could well be better recorded music,but to what ive heard,its just amazing!Normaly i listen to Drum n Bass,soft rock etc,but this is refreshing!Can any one reccomend me something to have a listen to of high quality?

Mike.e; Try Los LObos, " Kiko", and the Jayhawks, " Blue Earth". Excellent recordings and great rock, not too harsh or manic. There is a canadian band that has good music and really good recordings, Blue Rodeo, anything by that band is good smooth rock and roll.

Mike, have you heard the Dire Straits greatest hits recording "Sultans of Swing" - the very best of Dire Straits? It's a HDCD with a very good sound - don't know if that's due to the HDCD thingie or just cos it's a overall better recording. But I can hear it even on my own pretty mediocre system :-). It contains the hits up to "Local Hero".Vertigo 558 658-2
