djc, in my post about the KSN-1038s below you said:"Bluz Broz is selling fakes at BOHICA prices.A friend of mine ordered some and got burnt big time."http://www.adelcom.net/MOTOROLA\_ksn1056.htm Got me wondering if mine are fake too, how can you tell?I did not buy mine form there, actually I forgot where it was now.I bought 10 of them about a year ago and still got 6 left.

A year ago, there were still some CTS parts on the distributors' shelves. Not so sure you'll have as easy a time finding them now.
