I just posted a Boxplot How To Guide on AudioKarma.org's forum. It takes you through using Boxplot step by step, including screenshots.

Thanks, Wayne. If I've left out anything I can edit. I was trying to get some guys started using it. Hopefully it will get some off me, "Hey Paul, can you run this woofer through Boxplot for me?" Hahhah! You can give a guy a speaker and he's rockin' today, but if you teach him how to use Boxplot...Uh, nevermind.
